Featured Grant Recipient: Natural Sciences Division

Dr. David Green, Dr. Joe Fritsch, Dr. Stephen Davis, Dr. Michael Feltner, Dr. Jay Brewster, and Dr. Rodney Honeycutt

The Natural Sciences Division of Seaver College has been awarded \$554,800 from the Ahmanson Foundation to support the acquisition of new scientific equipment. The five pieces of equipment will enhance instruction in all Natural Science Division laboratories in Biology, Chemistry, and Sports Medicine. This will have far reaching benefits for instructional quality for most all Natural Science Division students. It will also increase the capability and opportunities for students to conduct faculty mentored undergraduate research and open up research opportunities for both students and faculty. Currently, the equipment will augment the research being done by Dr. David Green, Dr. Joe Fritsch, Dr. Stephen Davis, and Dr. Tom Vandergon (not pictured), Dr. Michael Feltner, Dr. Jay Brewster, and Dr. Rodney Honeycutt.

We'd like to congratulate the following grant awardees:

Dr. Susan Helm	Novo Nordisk Inc.	Nutritional Science for Diabetes Prevention
