

University Faculty Council
Agenda
May 13, 2015
WLA 499 Conference Room

Agenda items for May 13, 2015, UFC meeting:

1. Discussion of the white paper that Provost Marrs mentioned during our last meeting.
2. Discussion of the continuing GSBM dean search and the new SPP dean search that will be launched when Dean Wilburn becomes Dean Emeritus in August.
3. Information about the new Ph.D. program that has been approved for GSEP (and in which faculty from across the university may be invited to participate).
4. A discussion of sabbatical policies (per a request from GSEP).
5. Further discussion of how to understand Pepperdine's mission, and of what it might mean for us to move toward excellence (or further excellence) as Pepperdine. UFC members might want to provide some of their thoughts in advance, perhaps by circulating a few paragraphs. There may be other faculty members at each school that you might ask to write something for us to chew on. (Rob Anderson – who attended the last meeting as an alternate from the law school – helped spark this discussion; I might ask him and a couple more of my colleagues who aren't UFC members to write something.)

Best,

Mark

Mark S. Scarberry
Professor of Law
Pepperdine Univ. School of Law
