Doctor of Business Administration Curriculum Map

I = Introduced D = Developed M = Mastered	EDBA 711 - Kickoff Workshop	EDBA 712A - Epistemology and Theory Building A	EDBA - 798 Integrated Research Seminar (A1)	EDBA - 798 Integrated Research Seminar (B1)	EDBA - 798 Integrated Research Seminar (C1)	EDBA 702 - Research Apprenticeship	EDBA 712B - Epistemology and Theory Building B	EDBA 798 - Integrated research Seminar (Topic A2)	EDBA 798 - Integrated research Seminar (Topic B2)	EDBA 798 - Integrated research Seminar (Topic C2)	EDBA 702 - Research Apprenticeship	EDBA 703 - DBA Conference	EDBA 798 - Integrated research Seminar (D)	EDBA 731A - Quantitative Methods I A	EDBA 732A - Qualitative Methods I A	EDBA 702 - Research Apprenticeship	EDBA 731B - Quantitative Methods I B	EDBA 732B - Qualitative Methods I B	EDBA 741A - Quantitative Methods II A	EDBA 742A - Qualitative Methods II A	EDBA 701A - Research Methods A	EDBA 799 - Directed Study	EDBA 791 - Dissertation (Lit Review)	EDBA 741B - Quantitative Methods II B	EDBA 742B - Qualitative Methods II B	EDBA 799 - Directed Study	EDBA 704 - Research Proposal	EDBA 701B - Research Methods B	EDBA 703 - DBA Conference	EDBA 799 - Directed Study	EDBA 791 - Dissertation	EDBA 703 - DBA Conference	EDBA 791 - Dissertation (year 3)
	Trimester 1						Trimester 2					Trimester 3					Trimester 4							Trimester 5					Trimester 6			Trimesters 7-9	
Goal 1: Assess theoretically-grounded and methodologically-sound research skills that provide the foundation for impactful, practice-focused research																																	
Objective 1: Synthesize relevant theoretical models and past research on a business challenge			I, D	I, D	I, D			I, D	I, D	I, D			I, D										M									
Objective 2: Apply and/or develop theory, models, and methods into new, practice-relevant contexts		I	D	D	D	I	D	D	D	D	I		D			I											D					M
Objective 3: Evaluate the current literature and construct a literature review to support a defendable research question and justify why it makes a contribution to the field		I					D														D		M					D				
Goal 2: Devise quantitative and qualitative research methods oriented to applied research																																	
Objective 1: Explain epistemology of research and determine among alternatives the appropriate qualitative or quantitative methods that will address research questions		I					I							I	I		I	I	D	D		D		D	D		M					
Objective 2: Develop a research study that applies quantitative research methods to collect, organize, and analyze data to address an applied research question														I			I		D					M								
Objective 3: Develop a research study that applies qualitative research methods to collect, organize, and analyze data to address an applied research question															I			I		D					M							
Goal 3: Disseminate research by effectively communicating to audiences within an applied academic setting																																	
Objective 1: Create an original research manuscript suitable for publication in practitioner and/or academic journals		I					I														I	D	D				D	D	I		D	D	M
Objective 2: Present research in a professional conference setting, effectively communicating research findings						I					I	I				I														D			M	

Goal 4: Integrate applied research with specific consideration of ethics, innovation, and global factors																																		
Objective 1: Evaluate the impact of ethical factors in a complex business or societal environment	I		D					M					M																					
Objective 2: Explore innovative and value-creating products, processes, or organizational forms	I			D					M				M																					
Objective 3: Analyze the implications of economic, environmental, technological, legal and regulatory factors on global business practice	I				D					M			M																					
Objective 4: Articulate and defend a point of view on business as an integrated practice	I		D	D	D			D	D	D			D									D					M
