

**HHC Employee Transportation Program  
Bicycling and Walking Information**

***Welcome to***

**BICYCLING & WALKING**

Bicycling and walking to work are easy and inexpensive ways to stay physically fit. These commute modes are also time savers because travel time becomes exercise time. Howard Hughes Center provides bicycle racks and bicycle lockers.

**BENEFITS AND SUBSIDIES**

These commuters participate in a bimonthly \$10,000 cash incentive distributed among alternative commuters.

A guaranteed complimentary ride via taxi or rental car is offered to all bicyclists and walkers in any emergency or other unexpected work-late or leave-early situation.

Parking validations are provided for the occasional drive into work.

Bicycling and walking subsidy requirements: All participants must leave work between the hours of 4 p.m. and 7 p.m. to be eligible for cash subsidies.

Transportation Center: 310-642-0066
