

# HHC Employee Transportation Program

## Carpool information

### CARPOOLING

Sharing your drive with just one other person can make a substantial difference in your commuting costs; additional carpool riders mean even more savings.

**Carpooling is a flexible option.** You may want to share the ride every day or, if your schedule won't permit that, you may choose to carpool only part of the time. Carpool members decide how to share the driving, their vehicles and the cost.

**How do you find your match?** Just go to <http://hhc.mycarpool.net> and register in our carpool database (it's exclusive to HHC employees). We'll match you with others who travel to the center from near your home. All database registrants receive a \$5 gift card for either Starbucks or Stefano's Pizza.

Even if you are not interested in carpooling now, registering will provide this information in case of car trouble or some other emergency.

### CARPOOLING SUBSIDIES AND BENEFITS

- Preferential parking treatment
- Participation in a bimonthly \$10,000 cash incentive distributed among alternative commuters
- A guaranteed complimentary ride via taxi or rental car is offered to any carpooler in an emergency or other unexpected situation
- Parking validation for the occasional drive in to work

Carpooling subsidy requirements: All participants must leave work within the hours of 4 p.m. to 7 p.m. to be eligible for cash commuting subsidies.

\*Carpooling requirements: To be counted as a valid carpool, employees must carpool with another HHC employee. Drop-offs and pick-ups do not count.
