

HHC Employee Transportation Program

General Information

PROMOTING TRANSPORTATION ALTERNATIVES

Welcome to Howard Hughes Center! We are firmly committed to increasing the use of alternatives to single-car commuting by Center employees. The Center's primary goal is to generate fewer trips within the peak window of 4 to 7 pm. To accomplish this goal, HHC has instituted a comprehensive transportation management program with cash incentives to participating center employees.

EMPLOYEE TRANSPORTATION PROGRAM MANAGER

Howard Hughes Center provides its commuters with the services of an onsite Transportation Program Manager who personally provides information on alternative commuting modes and oversees the Center's transportation program, administers the Guaranteed Ride Home program and manages the employee subsidies.

We look forward to the opportunity to assist you in finding solutions to your daily commute.

EMPLOYEE TRANSPORTATION CENTER

HHC hosts a complete transit information center, located in Suite 200 of the 6080 building, and offers employees the following resources/services:

- Financial subsidies to all program participants
- **Carpool** – including ride-matching and preferred parking
- **Public transit** – Onsite bus pass purchasing
- **Walking**
- **Bicycling** – Racks/locker locations
- **Vanpool**
- Telecommuting
- Guaranteed Ride Home

A detailed card is available for each of the commute modes in **bold type** above.
