

COVID-19 Informational Town Hall

Wednesday, March 11, 2020

3 PM

As Pepperdine and the University community respond to the impact of Coronavirus Disease 2019 (COVID-19), Pepperdine faculty and staff are invited to attend an informational town hall with Pepperdine leadership. During this special online session, faculty and staff will have the opportunity to ask questions to members of the Emergency Operations Committee and Infectious Disease Task Force and learn more about the University's response plans to the outbreak.

Attendees can participate and submit questions at any time by visiting the COVID-19 Town Hall page. The page will be available only to faculty and staff and is accessible using your Pepperdine NetworkID and password.
