

Pepperdine Faculty and Staff:

The University continues to pursue all opportunities to improve access to vaccine doses for our faculty and staff. In this effort, the University may have an opportunity to secure COVID-19 vaccinations for on-campus distribution in partnership with Rite Aid in the near future. The vaccine would be made available to actively employed Pepperdine faculty and staff.

Pepperdine does not know or have influence over which vaccine would be made available to our community members.

If you have not yet received the COVID-19 vaccine and are interested in receiving the vaccine on campus in the near future, please complete [this form](#) **by 5 PM on Friday, March 5**. The University must provide an accurate count of interested employees to Rite Aid for planning purposes.

As a reminder, if you have already received the COVID-19 vaccine, please complete the [Employee COVID-19 Vaccination Notification Form](#). This is not mandatory, but will help the University maintain accurate vaccine eligibility records.

If you have any questions, contact the COVID-19 Information Line at 310.506.8111 or via email at [covid19info@pepperdine.edu](mailto:covid19info@pepperdine.edu).
