

**MSOD One-Page  
to be submitted as an attachment with e-Protocol Application**

The MSOD One-Page should start with the following information:

***Study Title:***

***Investigator Names:***

***Chair/Sponsor Names:***

The following information is to be discussed (between  $\frac{3}{4}$  to 1 full page single-spaced, 12 point font). Please title each section with bold letters.

***Background and Introduction:***

Briefly share some background on the research topic, and a few sentences describing the PI's overall goal (a thesis statement would suffice). This can be a paragraph covering half a page, including:

1. a few sentences describing your review of the literature pertaining to your research topic
2. a few sentences describing your thesis statement

***Design:***

In this section the PI will briefly state his/her research question, and general blueprint for the collection, measurement, and analysis of the collected data. This can be a paragraph covering the second half of the page, which will include:

1. a couple of sentences describing the PI's hypothesis
2. a few sentences describing how the PI will be collecting the data (e.g., face-to-face interview, online questionnaires)
3. a sentence about how the PI will be analyzing or interpreting the data

***\*\*No conclusion paragraph or statement is necessary\*\****

**Please include this One-Page when submitting your e-Protocol application to the IRB by uploading it in the "Attachment" section.**
