

APP Reference Guide: Pepperdine University launched a three-term study looking at the use of iPad technology in the classroom and it's impact on learning outcomes. Over the course of this study we have collected a lot of information from both professors and students. This reference guide list's some of the top rated apps in various categories.

For more information regarding the iPad research study visit, <http://services.pepperdine.edu/techlearn/tools/ipadresearch.htm>
