Introduction

Welcome to the 2015-2016 school year. We would like to take this opportunity to thank you for taking a vested interest in our law school and serving the needs of your student organization. Because of the role we have as elected officers, we have been given a tremendous responsibility in creating change and serving the students of Pepperdine University School of Law.

The purpose of the Student Organization Manual is to provide student leaders easy access to valuable and highly relevant information. The goal of this manual is to make sure student organizations and the Student Bar Association run effectively, with the ultimate goal of creating positive and efficient communication. Student organizations are very important to our School of Law. The SBA is here to help support our organizations, and help you reach your goals throughout the year.

We hope that the Student Organization Manual will grow to become a more useful guidebook every year. We hope to update this manual often, and will ask for your feedback at the end of the year. If you have any questions or suggestions, please contact Alex Caruso, SBA Vice-President.

We look forward to working with you this year.

Sincerely,

William Kellogg
SBA President

The advisor is to be available to assist the officers with problem solving; to aid in the planning of social or fund-raising activities; to offer appropriate guidance to the officers, and, in general, to serve as a friend and consultant to the organization's members. Advisors are liaisons between student organizations and the School of Law. They are responsible for seeing that the organization follows University policy and procedure.

Responsibilities of a Student Organization Advisor

1. Be familiar with the student organization's constitution.
2. Be available for events and meetings.
3. Invest in the leadership development of the student organization's leadership team.
4. Encourage the organization to function within University guidelines and not condone any activity that is not in keeping with the letter or spirit of University policy.

CONDUCT OF STUDENT ORGANIZATIONS

Responsibility

All student organizations are responsible for observing both the University and the School of Law's policy statements and other policies and procedures as established by the University and School of Law. The School of Law has adopted an Honor Code and a Code of Conduct to which all students are required to adhere.

- A. Organizations must agree that whether activities are on or off campus, they are extensions of the University and subject to the principles and regulations governing University activities.
- B. Any activities in which more than half of the active members of an organization are engaged will be considered an activity of that organization and will be subject to all guidelines thereto pertaining.
- C. Alcoholic beverages may not be served and consumed at on campus meetings or gatherings of a student organization. In any event, University funds may not be used to purchase alcoholic beverages. Alcohol abuse is inconsistent with the University's and the School of Law's policies.
- D. An organization must notify in writing the Dean of Students Office of any behavior by an officer or member representing the organization which is inconsistent with the School of Law Honor Code, Code of Conduct, or University policy.

Discipline

In the event that a student organization violates the above mentioned responsibilities, among other things, the organization will be subject to discipline by the Dean's Office. The discipline may include censure, probation, and/or suspension.

- A. Censure – verbal and written reprimand to a student organization
- B. Probation – status of a student organization indicating that its continued existence at the School of Law is tenuous and that its activities will be reviewed periodically.
- C. Suspension – a formal revocation of a student organization's status as an officially recognized and registered School of Law student organization. This will include loss of all rights and privileges which pertain to School of Law-recognized student organizations. A specified suspension period may or may not be designated depending upon the nature of the violation. A student organization incurring disciplinary action will be informed of the sanction in writing by the Dean's Office. Individual student members of an organization may also be subject to disciplinary action.

INTER-CLUB COUNCIL

The Inter-Club Council, presided over by the Dean of Students, is formed by representatives (Presidents or proxies) from registered School of Law organizations. The following is a list of some of the Inter-Club Council's responsibilities:

- to meet on a consistent basis in order to develop better communication.
- to discuss student organization selection procedures.
- to discuss and coordinate campus-wide student organization activities.
- to promote student-led service projects.
- to coordinate the campus calendar and room request process for the student organizations.

ICC Meetings

Each semester, the SBA President will hold a mandatory ICC meeting, in which all student organization leaders (Presidents or proxies) will meet to discuss relevant issues surrounding our School of Law. Attendance at these ICC meetings is mandatory. Attendance at ICC meetings will be a significant factor taken into consideration when organizations petition the SBA for any additional funding during that semester.

The SBA feels that attending the ICC Meetings is a way to hold the organizations accountable to the student body, and facilitate greater communication between the organization network within our School of Law. Please make sure that a representative from your organization attends the ICC meeting each semester.

PROFESSIONAL ENTERTAINMENT AND SPEAKER GUIDELINES

Initial planning for any special program using professional speakers or entertainers should begin no later than three months prior to the date of the proposed program. Prior to making any arrangements or commitments for a special program, contact the Dean of Students. All contracts must be reviewed by the University Legal Counsel and the Manager of Insurance and Risk Management before they are signed. If an agent or promoter does not issue a contract, **a University contract must still be signed by both parties.**

USE OF NAME OF PEPPERDINE UNIVERSITY SCHOOL OF LAW

Organizations shall not, without prior written consent of the Dean's Office, use the name of Pepperdine University or Pepperdine University School of Law in connection with any activity or item (T-shirts, cups, etc.)

POLICY FOR PROMOTIONAL MATERIALS

- B. Campus email distribution lists are generally not intended for organization-related announcements.

POLICY FOR LUNCHEON MEETINGS

Please understand that this policy is an attempt to help preserve the quality and appearance of the School of Law. Your cooperation is essential and greatly appreciated.

- A. A faculty advisor and/or student organization president must attend the meeting.
- B. The faculty advisor and the student organization president are responsible for the area. This involves throwing away all paper products, cans, etc.
- C. Food is not to be discarded in the room. Food should be discarded in trash receptacles in the school cafeteria.
- D. Organizations can only schedule one luncheon at a time in order to allow all clubs with the opportunity to use the area.
- E. If a luncheon meeting is catered by Sodexo Corporation it must be arranged with the Dean of Students Office, and paid in advance of the event by the organization.

SBA BUDGET AND FUNDING

Allocation of Funds

All student organizations that are officially recognized by the SBA each semester will be allotted \$250 dollars in discretionary funds. These discretionary funds may be used for any activity consistent with School of Law policy and the purpose of the student organization.

Additional Funding

In addition to the discretionary funds, all recognized student organizations can petition the SBA for additional funding beyond the \$250 allocated per semester. Requesting additional funds requires that an organization representative file and present a Proposal with the SBA.

Proposals

Proposals for additional funding should be given/e-mailed to the SBA President at least one week prior to the weekly SBA Meeting so that it can be added to the SBA Agenda for the next scheduled meeting. The Proposal should include the following items of information:

- a. name of the organization
- b. president/contact person for the event
- c. date of the event
- d. description of activity/event in detail
- e. amount of additional funds requested
- f. cost breakdown in expenses (including minimal items)
- g. how much of the \$250 discretionary fund has been used
- h. how this activity/event will benefit the School of Law as a whole
- i. immediate contact information

Additionally, the members of the SBA will consider other factors such as:

- a. attendance of organization representatives at ICC Meetings
- b. amount of funds raised and contributed by the organization
- c. potential for increased visibility of the law school (through the event)
- d. how active the organization has been
- e. advanced planning and organization of the proposal
- f. amount of additional funds already provided to the organization

Presentation of Proposal

A representative from the organization should attend the SBA meeting to present their Proposal to the entire SBA, and answer any questions the SBA has regarding this event and the funds being requested. The SBA will then vote on the Proposal and contact the student organization with the results of that vote.

Reimbursements

In order to be reimbursed for any funds used by a student organization (either using their \$250 discretionary funds, or approved additional funding by the SBA) the organization must utilize their own resources to make the purchase and keep all itemized receipts of their expenditures. The Treasurer of your organization (or appropriate representative) must then fill out an SBA Reimbursement Form (example provided at the end of this Manual). This Form, submitted along with the **original itemized receipts** of the expenditure, must be provided to the Dean's Office. **There will be no reimbursement of expenditures without an itemized receipt.**

The SBA Treasurer will then meet with the Dean of Students on a weekly basis to approve all expenditures. Reimbursement checks will be mailed to the individual's mailing address on Wavenet.

SBA Reimbursement Form

The SBA Reimbursement Form can be found online at <http://law.pepperdine.edu/student-life/organizations/student-bar-association/documents/>.

Advances for Events

It is generally SBA policy that monetary advances are not provided and event expenses must be incurred by the organization and then reimbursed through the SBA. The primary reason is accountability: the SBA needs to know exactly how much money an event costs to avoid over-funding of events.

However, if you are organizing a large and costly event, it may be possible to receive an advance (after initial approval of additional funds by the SBA). You will need to provide an original purchase order or invoice in order to receive an advance. Advances will only be given in extreme cases, and you should contact the SBA Vice-President before choosing not to organize an event due to your organization's inability to front the money for an event.
