 4. ENG Major SAC
 5. ENG Proposals: English faculty propose significant changes to the English Major with finding being out-of-step with peer and aspirational institutions with having general, variable topics courses rather than more traditionally identified courses. Also learned that that the commitment to diversity was not apparent and was specifically out of date in not offering specific courses that emphasize diversity. The program changes will benefit Seaver College and Pepperdine University by increasing rigor, better preparing students to live in a global, digital world and providing experiential dimension. **Approved: all ENG Proposals**
