FLORENCE NEWSLETTER

What's Coming

Congratulations on finishing your exams for the semester! I'm sure you're all very tired, so make sure to get plenty of rest and enjoy the break!

Your faculty family, Bryant and Riley Crubaugh, will be sending you something in the mail so be checking your mailboxes! And if you haven't yet, please fill out this [link](#) so they have your mailing address and can get to know a little more about you!

We know you all are excited to get to know one another and would love to help you do that! If any of you would be interested in holding some small groups or get-togethers over the break please let us know!

Cultural Spotlight

Although the Coronavirus has changed the museum experience right now, I came across [this article](#) with a list of Italian museums you can visit through VR! Personally, I love Florence's Uffizi Gallery, so I will probably be "visiting" that one soon myself.
