Future Plans Essay

I am currently a Freshman at Pepperdine University, and I am majoring in Communications with a minor in Creative Writing. I have chosen to study Communication because I believe that the key to peace, goodwill, and understanding is the ability to communicate and listen effectively. I have chosen to study Creative Writing because I enjoy creating and telling stories.

I applied to study abroad in Lausanne, Switzerland because of the unique opportunity it will provide me to experience the Swiss culture, food, and climate while also allowing me to travel to other areas of Europe. I am thrilled to learn French, learn more about the French area of Switzerland, and learn to snowboard in the beautiful Swiss alps. I hope to gain invaluable knowledge and experiences during my time in Lausanne.

After graduation, I hope to secure a position as a Public Relations Coordinator with a surfing gear company. Eventually, I hope to also write children's books, sharing my life experiences and wisdom through simple tales. My studies at Pepperdine, and specifically in Lausanne, directly influence my future goals. Geneva, is one of the most diverse areas of the world, and I hope to travel to this nearby town to widen my horizons. These types of experiences are what will inspire my writing for years to come.

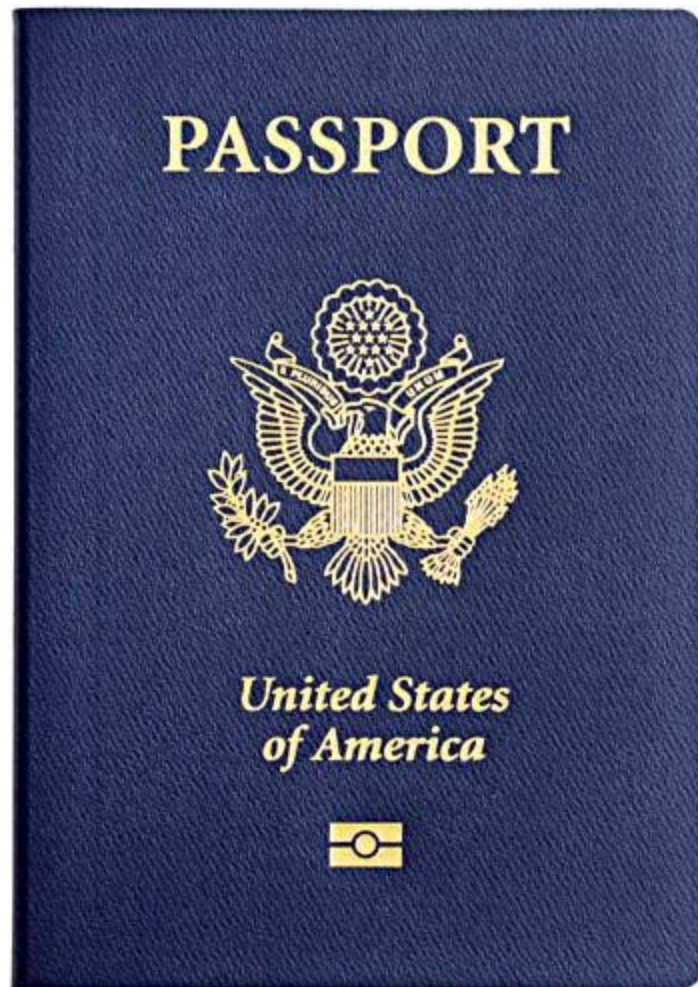

Sincerely,

Willie the Wave
